OBJECTIVE

Detail-oriented and motivated fresher with a solid foundation in **HTML, CSS, JavaScript, jQuery, React.js, Python, Django, and SQL**. Driven to apply my technical knowledge in both front-end and back-end development to create innovative and user-focused web applications. Actively seeking an entry-level position to enhance my expertise, collaborate with a dynamic team, and contribute to impactful projects.

SKILLS

- **Front-End:** HTML, CSS, JavaScript, React.js, jQuery
- **Back-End:** Python, Django
- **Database:** MySQL, SQL
- **Version Control:** Git, GitHub
- **Tools:** PyCharm, Visual Studio Code, MySQL Workbench, IDLE

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

Jeppiaar Engineering College Affiliated to Anna University

Chennai, India

June 2020 - June 2024

- **CGPA:** 7.87/10

Higher Secondary (12th Grade)

Government Higher Secondary School

Villupuram, India

March 2019 - April 2020

- **Percentage:** 64%

Secondary School (10th Grade)

Government High School

Villupuram, India

March 2017 - April 2018

- **Percentage:** 74%

CERTIFICATIONS

- **Python Full Stack** Course completed – Bengaluru
- **Web Development Internship** Certificate – *CodeBind Technologies, Chennai*
- **Software Engineer Intern** Certificate – HackerRank
- **Software Engineer** Certificate – HackerRank
- **Python Certification** – Hacker Rank
- **ChatGPT Course** – GUVI (Naan Mudhalvan Platform)

PROJECTS

Online Shopping Website

July 2024 – August 2024

- Developed a fully responsive e-commerce interface using **HTML, CSS, and JavaScript**.
- Built **dynamic components using React.js** with effective state management.
- Integrated features such as **product listings, search functionality, and shopping cart**.

Human Disease Detection Using Deep Learning

November 2023 – May 2024

Jeppiaar Engineering College

- Developed a **CNN-based model** to detect diseases from **medical images** with high accuracy.
- Applied image **preprocessing** and **augmentation** techniques to improve model performance.
- Achieved robust classification through model validation and fine-tuning.

INTERNSHIP EXPERIENCE

Web Development Intern

Chennai, India

Code Bind Technologies

February 2023 – May 2023

- Developed responsive web pages using **HTML, CSS, and JavaScript**, improving user accessibility and interface performance.
- Optimized **SQL** queries and streamlined database connectivity to enhance **backend efficiency** and **data retrieval speed**.
- Collaborated with the team to implement **interactive features**, improving overall user engagement and **web application functionality**.
